No races, but changes in placement

Like expected, the wind conditions showed their calm side again yesterday. Pretty early in the morning became apparent, that no races would come about on the third day of the Hobie Multi Europeans 2011 as well. From the experiences of the last racing days, the participants have learned to live with the waiting for the improvement of the weather conditions. So the day was extensively used for sunbathing, playing

volleyball or other activities. In the bright sunshine not even the smallest breeze wan-

ted to come up over the lake until the afternoon. Also the hope for a race start in the afternoon seemed to relax in the sun this Friday.

But even without a race on this day, there was a change in the latest results of the Hobie Tiger class. The Bulgarian team Alexander Alexandrov and Maria Alexandorva lost their good second place and fell back to the last place. The reason for this was a infringement of the sailing rules regarding the use of non-compliant sails. After a protest of other sailors, Alexandrov, who obviously didn't know this rule, decided to give up all of his races.

For today's final racing day we hope again, that we will have good wind conditions and wish all the sailors good luck for the coming races.

Have a Hobie day! [TB]

Prize giving Ceremony at the marketplace in Breitenbrunn

In the evening today, the final prizegiving ceremony of the Hobie Multi Europeans 2011 will take place at the Marketplace in Breitenbrunn at 7 pm.

A shuttle bus (GMOA-Bus) will carry you from 6 pm to the event place in regular intervals. Departure will be at the arrival point of the seaside resort. If you come by car, there are two different parking places in the town. The first one is on the sports field and the second one is in the street "Am Anger", both in Breitenbrunn (see the map below). Both parking spaces will be specially signed for you,

so please park your car only on the signed areas. Beside the prizegiving ceremony, on the marketplace will also take place the local town festival. This event starts at 10 am in the morning and all of you are welcome to this festival. Please don't forget to bring your vouchers, which you got at the registration. With these you can buy food and drinks on the different market stands.

To represent an international image, all teams are asked to wear their team dresses, bring their national flags and gather according to their nations at the beginning of the prizegiving ceremony. Have a nice evening! [TB]
