Welcome! Willkommen! Bienvenue! Bienvenida! Velkommen! Benvenuto!

The Yacht Club Breitenbrunn warmly welcome every one of you to the Hobie Multi Europeans 2011. 186 teams are already registered and some will follow. This number makes the Hobie Multi Europeans 2011 to one of the biggest events on the lake Neusiedl this year.

After everyone has found a place for his tent, his car or caravan, today it's time for the official registration in the race office.

Beside the data and weight check everybody will get an official EM shirt and a huge bag with interesting healthcare products to use during the event. The bag also contains

the vouchers for food and drinks to the final prize giving ceremony. Last, but not least there is also a program booklet in it with all informations about the event and the races.

Because the finished booklet may not contain all informations relating to current weather conditions or changes, please take a look at the notice board in the club house as often as you can to get the latest informations.

A further information service is our daily newsletter that you can find fresh printet in the race office every morning. It gives you compact news about the previous day, short result lists and pictures of the best sailors, current weather data and other event informations. In addition, we present to you the best photos of the day in a slide show each evening in the club house. Enjoy your time in our club!

There's just one more thing to say - **"Have a Hobie day!"**

Opening Ceremony
