Confusion or illusion – campground is not for free

Yesterday we heard about a little confusion regarding to the prices of the campground and if the participants have to pay for it or not, because we had too less infor-

website. You'll find the price list also at the end of this article. In addition, we are inviting all campground guests to a free drink in the club house.

mations on the EM website. First of all, the campground is not for free. The camping office only makes the billing on departure, because some participants leave earlier than others.

We didn't post the prices of the camping place on the official EM website, in order to prevent erroneous bookings of the participants. We were not allowed to handle the campground of the seaside resort. We are really sorry about that and ask all participants for their tolerance! As a first compensation we already posted the informations and prices of the camping place on the notice board in the club and on the EM

The amount for the accomodation on the campground is just about 8 Euro per day and per person and is significantly under the prices of other campgrounds or hotels in the surrounding. Beyond the sanitary rooms and the parking place can be used by the participants completely for free. We hope that these conditions are pleasant enough for every campground guest and not a reason to leave.

There are so many reasons to stay, so - **"Have a Hobie day!"**

Camping place pricelist

The camping place and the seaside resort can be reached via a 4 km long causeway. It is a little holiday paradise in a wonderful surrounding, that has something to offer for everybody. The distance between the camping place and the town is about 4 km. Located directly in the natural seaside resort at lake Neusiedl near the lawn and the swimming beach.

The sanitary rooms can be used by the participants of the Hobie Multi Europeans 2011 for free!

Guests with a stay of more than one week will get a discount of 10%.

Prices per day	
adults	€ 4,30

Picture of the day

Excuse me, have you seen the wind?

Saturday, 6th of August, 2011

news

No wind, but fun and time to relax in the sun

Some were preparing their boats and many others just arrived. Yesterday was the biggest arrival day of the Hobie Multi Europeans 2011. Until late in the evening sailors arrived in the club and went to the race office for registration. Those who had

to wait for their data check, boat numbers, weight check or commercial package were not sad about the few wind during the day. The others, who tried to train after a little smell of upcoming wind had to realize, that the weather is not always waiting for somebody to blow out.

On the other hand, the few wind gave everybody the chance to relax after the long drive. And so we found a lot of participants

in a relaxed position on their boats or on

the beach. If you think, every day would expire this way, will find out that this is really wrong. The weather, especially the wind on the lake Neusiedl can change from one minute to another and still holds some surprises.

Don't forget to be on time for the races today! At 1 pm start the races for the participants in the Youth, Woman, Masters, Dragon, Hobie 14 and Hobie 16 SPI Open Cup. The coach meeting is before at 11:15 am in the VIP tent and the skippers briefing at 11:30 am in front of the club house.

Good look for all and have a Hobie day!

Opening Ceremony

The opening ceremony with the welcome of participants takes place today at 7 pm in the club house of the YCBb. All participants meet at the yacht club and hear the greetings of the guests of honor.

Speakers of the evening are Maren Odefey, vice president of the EHCA, Andrea Martens, president of the local sailing federation and race officer of Hobie Multi Europeans 2011, Karin Ofner, president of the Sports Union Burgenland, Josef Tröllinger, mayor of Breitenbrunn and Christian Müller-Uri, president of the Yacht Club Breitenbrunn.

Afterwards there are free meals and drinks for all participants in the festival

area. All teams are asked to wear their team dresses and to bring their national

flags too. But most important – don't forget to bring a good mood.

“Have a Hobie day!”
